WHAT: *Be part of the historic shift -- Igniting of the Heart of Humanity*

Our world is experiencing a profound transition and great masters are here to help awaken the heart of humanity. The Tamil Siddha tradition of Southern India is heralding July 17th as the beginning of a major shift in human consciousness. During this time, "Grace Light" (divine energy) will enter the heart of humanity on a global scale, bringing new levels of compassion, joy, peace, and divine intelligence into the world.

WHEN: This historical, global shift will begin on the full moon of July 17th (Guru purnima) and deepen over the coming months. Guru purnima, the "Full moon of the Guru", is a radiant time when all divine teachers offer powerful blessings and grace to humanity.

WHO: Revered master Dattatreya Siva Baba will transmit life-changing Grace Light empowerments for physical, mental and spiritual healing. Dattatreya Siva Baba hails from the Tamil Siddha lineage of Southern India where he is recognized for his previous births as the great saints Agastya and Ramalingam, each of whom mastered the principles of light and transcendence. He has incarnated to prepare humanity to receive Grace Light and attain greater levels of personal and global harmony.

HOW: Grace Light empowerment is a profound experience that is changing people's lives all over the world. It involves opening subtle channels in the energetic body (9-Gate process) which will allow each and every one of us to become carriers of the light and to emanate peace and joy into the world.

WHERE: Dattatreya will be visiting 20+ cities across the U.S., Asia and Australia, beginning in San Francisco on July 17th in order to provide empowerments to as many people as possible during this profound period of human evolution.

"Don't miss this opportunity to be part of a global shift in human consciousness. A doorway is opening for each and every person to absorb profound divine energies and to be conduits for the greater awakening of the heart of humanity." – Dattatreya Siva Baba
